JORDAN RIVER DESIGNS

## WHY JORDAN RIVER DESIGNS

Jordan River Designs offers an exceptional selection of traditional and contemporary handicrafts created by local community women inspired by nature, history, and local traditions. From the modern marvels of Al Karma Embroidery Centre to the exquisite Bedouin rugs of Bani Hamida and Wadi Al Rayan's natural banana leaf baskets, these projects have so far empowered over 719 women artisans and the families they support. Jordan River Designs is a venture operating within the framework of the Jordan River Foundation, a non-profit, non-governmental organization established in 1995 with a focus on child safety and community empowerment.
